PROFESSIONAL SUMMARY

Data and AI leader with 18+ years of experience driving analytics strategy, AI/LLM implementation, business intelligence, and enterprise-wide digital transformation. Proven fractional leader — owned and run complete data functions as embedded Head of Data across diverse organizations.

Founder of Klaymatrix Data Labs. Strong commercial acumen: requirements gathering, solution architecture, technical proposal writing, and pre-sales. Experienced in Python-based LLM orchestration, prompt engineering, cloud architecture (AWS/Azure/GCP), and SAP-integrated reporting. Trained 10,000+ professionals. Contributor to internationally published UN and Government of India reports.

CORE COMPETENCIES

Leadership: Fractional CDO, Analytics Vertical Building, Team Building, P&L Management, Agile Delivery

Cloud: AWS (EC2, Load Balancer, Route 53), Azure (ADF, Pipelines), GCP

BI & Visualization: Power BI, SAP Analytics Cloud, Tableau, Spotfire, KPI Dashboards, MIS Reporting

ML & Analytics: Scikit-learn, Regression, Classification, Neural Networks, Time Series, Statistical Modelling

Programming: Python, R, VBA/Macros, Advanced Excel, Process Automation

AI & LLM: LLM Orchestration, ChatGPT API, Claude API, Power BI + Claude, Prompt Engineering

Data Engineering: ETL Pipelines, Azure Data Factory, Medallion Architecture, API Integration, MySQL, PostgreSQL

Enterprise Systems: SAP (SAC, SuccessFactors), ERP Reporting, GitHub, Postman, API Integration

Commercial: Solution Architecture, Technical Proposals, Effort Estimation, Pre-sales, Client Management

Governance: Responsible AI, Data Ethics, Compliance Practices, Operational Excellence, Six Sigma

PROFESSIONAL EXPERIENCE

Head of Data Analytics (Fractional) — PPN Solutions *Sep 2023 – Present*

- Owned end-to-end data analytics function — architecture, BI infrastructure, POC scoping, project management, and delivery
- Designed Azure-based pipeline for Power BI reporting; oversaw dev-to-prod migration using medallion architecture
- Built SAP Analytics Cloud reports on SAP module data; Power BI dashboards on SuccessFactors for HR analytics
- Implementing Power BI + Claude API automation via PBIR and CLI for intelligent reporting workflows
- Managed cross-functional stakeholders — translated business requirements into technical roadmaps and deliverables

Founder & Head of Data Science — Klaymatrix Data Labs *Apr 2017 – Present | Remote-first*

- Built analytics practice from scratch — clients: Ernst & Young India, Microsave Consulting, Mergermarkets/Acuris, ORATS (USA)
- Led technical pre-sales: solution architecture, effort estimation, proposals, and client engagement across international mandates
- Developed Python + ChatGPT API orchestration pipelines; deployed production AWS environments (EC2, Load Balancer, Route 53)
- Delivered org-wide data literacy program for 100–200 person firm; carved out and led 10-member BI vertical
- Developed Prompt Engineering course covering chain of thought, context memory, and tokenization
- Managed team of 4 core professionals, 4–5 interns, and 3–4 contractors across AI, BI, and automation projects

Head of Data Science — Cynoteck Technology Solutions *May 2023 – Mar 2024*

- Led data science function — team building, delivery governance, practice standards, and project oversight
- Defined quality benchmarks and delivery frameworks; hired, structured, and mentored the data science team

Data Science Practitioner Faculty — Tata Institute of Social Sciences (TISS) *Mar 2018 – May 2025 | Mumbai*

- Delivered Python, ML, statistical modelling, and analytics curriculum to postgraduate cohorts over 7+ years
- Part of formative team — advised on course content strategy and curriculum design

Independent Consultant — World Health Organization (WHO) *Nov 2016 – Mar 2017*

- Designed data collection system, automated data file generation, and dashboards for a national strategic information program
- Led data triangulation and situation analysis to strengthen existing cluster-level information systems

CONSULTING & ADVISORY

ORATS (Option Research & Technology Services), USA — Quantitative Analyst *Dec 2013 – Oct 2016*

- Developed quantitative tools for index options research; designed dividend computation algorithm; set up systems on cloud VMs

NHSRC, MoHFW, Govt. of India — Data Consultant *Aug 2015 – Aug 2016*

- Configured WHO global data production tool for India's first national health accounts; built policy dashboard for government decision-makers
- Designed automated aggregation pipelines and validation frameworks; contributed to two flagship published Govt. of India reports

Family Health International (FHI 360) — Data Consultant *Dec 2012 – May 2015*

- Designed national-scale database architecture covering 600+ geographic units; automated state-level report generation eliminating manual effort
- Delivered national-level training for government M&E officers and epidemiologists

EARLIER EXPERIENCE

Business Analyst to Group CTO — Bharti Airtel Ltd. *Nov 2009 – Sep 2012 | Gurgaon*

- Governed IT portfolio with annual OPEX ~₹5,500 mn and CAPEX ~₹6,800 mn; reported directly to Group CTO
- Implemented service delivery tool saving ~150 man-hours/month; led application rationalization and IT systems integration
- Prepared Annual Operating Plans; conducted variance analysis, OPEX monitoring, and network cost optimization

Research Associate, Investment Research — Evalueserve Pvt. Ltd. *Mar 2007 – Sep 2009 | Gurgaon*

- Delivered quantitative finance research on ETFs and index funds for a top European Investment Bank
- Automated reporting via VBA/SQL; led migration of ETF reporting operations from UK to India

THOUGHT LEADERSHIP & TRAINING

- 10,000+ professionals trained across corporate, academic, and government settings over 18+ years
- Faculty: TISS Mumbai (7 years) | Visiting Faculty, SCMHRD Pune
- Panelist, SCMHRD Hackathon | Lead Trainer, NACP-IV Workshop, JIPMER Puducherry (MoHFW / WHO / FHI 360)
- ML Bootcamps, Prompt Engineering, BI Tools, Analytics, Corporate Hackathon Design and Facilitation

PUBLICATIONS

- UN-Water Synthesis Report on Water and Sanitation (SDG Goal 6) — United Nations, 2018
- National Health Accounts Estimates for India 2013–14 — NHSRC, MoHFW, Govt. of India (Core Team)
- National Health Accounts Guidelines for India 2016 — NHSRC, MoHFW, Govt. of India (Core Team)
- Health Insurance Expenditures in India 2013–14 — NHSRC, MoHFW, Govt. of India (Core Team)

EDUCATION & CERTIFICATIONS

PGDM (Finance): Symbiosis Institute of Management Studies, Pune | 2005–2007

B.Tech.: Production Engineering, G.B. Pant University, Pantnagar | 1999–2003

Certifications: Kaggle Competitions | Python for Data Analysis | Six Sigma (project) | Agile/Scrum

Portfolio: klaymatrix.com | Tableau Public | Power BI Online | github.com/msrawat78
